BUMPS & NEWBORNS PRICE LIST

A LITTLE BUNDLE OF JOY ON THE WAY? OR HAS YOUR BABY JUST ARRIVED? CONGRATULATIONS! NEWBORNS ARE WITHOUT A DOUBT MY FAVOURITE TO PHOTOGRAPH.

Those tiny fingers and toes and little button noses don't stay tiny for long so I always feel honoured to have captured such precious memories that will last a lifetime.

Maternity sessions can be at anytime throughout your pregnancy. We're all different shapes and sizes so its really difficult to say a specific week but I would say from 30 weeks should be fine.

Newborn sessions should be within the first 14 days. After 2 weeks old they will start to stretch out their hands and feet and become less comfortable being in the foetal position.

MATERNITY

LOCATION - £90

- A one hour session.
- Post production editing on 5 images which will be presented on a disc so that you may print from as you wish.
- All high resolution images from the session maybe purchased for an additional **£150**

NEWBORN

- £150 -

- A 1-2 hour session at your own home.
- A relaxed lifestyle session , just me and my camera so I won't take over your house. I do have some hats and blankets so if you would like to use them just let me know and i'll bring them along with me.
- Post production editing on 5 images which will be presented on a disc so that you may print from as you wish.
- All high resolution images from the session maybe purchased for an additional **£150**
